Squad Design

Location: Beirut | Lebanon
Directors: Danielle Salame

Squad Design is a Beirut-based contemporary furniture producer that endorses and sponsors young talents by realizing and exposing their work both at home and abroad.

Squad has both the expertise and means to bring pieces to life by working with the finest craftsmen in the industry and exploring which technique is right for each and every creation. Bringing production to a new level, Squad goes beyond exposing the product and into ensuring that the quality of the product, both formally and functionally, comes first.

Together with established designers, Squad scouts for exceptional talent for whom they can open doors and give access to the international market. In the process of creating and supplying original, innovative designs, they raise both the awareness and profile of Lebanese product design on a global level.

Squad believe that their position as the sole source of design, production and sale of the product ensures the very exclusivity that is in itself the key to both the value of its products and the distinctiveness of the brand.
